A PIONEER PASSES.

Captain H. S. Kirby, aged approxi-
mately one hundred years, and a
pioneer settler of Hondo, coming here
about thirty-six years ago, died at
his home here at four o'clock Wed-
nesday afternoon from the infirmities
of old age. As we were going to
press Friday afternoon the funeral
was being conducted under the aus-
pices of the local lodge of Masons,
and interment was being made in
the new Cemetery.

Captain Kirby was an ex-Confeder-
ate soldier. He was twice married
and is survived by his second wife
who has tenderly cared for him
through several years of almost total
helplessness. He had no children of
his own, but reared a number of
orphan charges and there are many
who owe a debt of gratitude to his
generosity.

Owing to the hour of going to
press coming at the time of the fun-
eral, more extended mention is de-
ferred until next week when we are
promised a biographical sketch more
befitting his long and useful life.

Officials of the State Highway Department have issued an order to remove all commercial road signs from the right of way along the Highway. County Engineer A. Y. Walton suggests that all those having signs on the road remove them at once or set them back on private property if they attach any value to the signs. When workmen are sent out to remove the signs from the right of way they will all be removed and owners may lose their signs unless they heed this warning in time.

Easy Way to Break Severest Cough

No matter how long you have had a persistent, weakening cough—no matter how many remedies you have tried without success—you can usually get relief instantly, and often relieve the entire cough condition in 24 hours, by a very simple method. The method is based on a remarkable prescription known as Dr. King's New Discovery for Coughs. You simply take one teaspoonful and hold it in your throat for 15 or 20 seconds before swallowing it, without following with water. The prescription has a double action. It not only soothes and heals soreness and irritation, but it quickly loosens and removes the phlegm and congestion which are the direct cause of the coughing. The prompt relief seems almost magical, and the quickness with which the whole cough condition disappears is often simply amazing. There is nothing better for coughs, chest colds, bronchitis, bronchial asthma, hoarseness, and almost every throat irritation. Economical, too, as the dose is only one teaspoonful. On sale at all good druggists. Ask for

Wednesday morning's Express contains an elaborate story of the letting of the contract for the construction of the first section of what ports to be a line of rail road to extend from San Antonio to San Angelo. According to the story, the road will extend from a junction with the I-G. N. tracks in the city limits of San Antonio to a point just west of the river near Riomedina in Medina County. From this temporary terminus, to be known as Lake Junction, a spur eight miles is to be extended to the Lake. This is now that comes under the familiar designation of interesting if true, in these days of automobile and airplane transportation, one must hear the whistle blow before he can be too confident that people are investing hard money in rail tracks to a pleasure resort.

The sun rose in its usual regal glory Wednesday morning and beamed with its accustomed beneficence upon Texas just as though Texas had a governor who was not a woman and whose name is not Ferguson. In fact, we can even assure those timid ones who thought the inauguration of Mrs. Ferguson as governor would stop all the clocks that not even is this morning's eclipse of the sun in any way connected with it. So fret not yourselves because of the vain imaginings of an evil heart. Great Texas and great are her people and great is their confidence in the good woman they have entrusted with the reins of government!

and carried by a unanimous vote of
the court the following order was
passed:

Whereas an urgent public
necessity and an emergency exists
for the issuance of \$15,000.00 in
County road warrants for the pur-
pose of constructing gravel roads in
said County; it is ordered that there
be issued \$15,000.00 in warrants of
the denomination of \$1,000.00 each,
said warrants to bear date of April
10th, 1925, and to mature serially
\$1,000.00 each year on warrants
numbering from one to ten both in-
clusive, and that warrants from No.
eleven to fifteen both inclusive shall
mature on or before ten years from
their date at the option of Medina
County. Said warrants shall bear 6
(six) per cent interest from their
date until paid, and shall be duly re-
gistered by the County treasurer and
known as Series G. In order to
meet all current interest on said
warrants and to provide a sinking
fund to retire same at maturity it is
ordered that a two cent tax on the
\$100.00 assessed valuation of all tax-
able property in said county shall be
and is hereby set aside out of the
present and regular 15 cent road and
bridge tax, and that said amount or
as much hereof as may be necessary,
shall be set aside out of said tax
each year until said warrants and
all interest thereon be fully paid.
Said warrants shall be sold for par
and the proceeds used to pay for
graveling Hondo-Yancey Road and
roads in Hondo.

Commissioner J. W. Roberson was
authorized to secure proper building
in Devine, to be used as courthouse,
as a place for taking assessments and
making collections and for all other
County purposes.

Domingo Salas, pauper, allowed
County aid in the sum of \$10.00 per
month, Mrs. O. Haralson to be cus-
todian of funds, as said pauper is
now living in said Mrs. Haralson's
house and being cared for by her.

It was agreed by the Court, all
members concurring, in connection
with the above described warrant
issue, that said warrants shall be
made payable out of the regular road
and bridge tax, but that in fact, said
warrants, both principal and interest
will be paid out of Precinct No.
1's share of the automobile tax, said
precinct's share of said automobile
tax being more than ample to pay
said indebtedness.

Bonds of those County and Prec-
inct officials who failed to qualify
on January 2, were examined and
approved and oaths administered.

Agreement was made between
Hondo Light, Power & Ice Company
and Medina County for lighting
Court House and jail at a flat rate
of \$24.00 per quarter.

There being no further business,
Court adjourned.

CONVERSATION OVERHEARD ON
STREET.

JONES—"What did you give for
that car, Smith?"
Smith—"Thousand and fifty, what
did you pay for yours?"
Jones—"Oh, I bought a Ford, only
cost me Four Fifty."
Smith—"What do you figure you
save buying that priced car?"
Jones—"Just Six Hundred to be-
gin with."
Smith—"What about the up-keep,
the cost in the end?"
Jones—"It is generally conceded
that the Ford Car has the greatest
second hand car value, but for the
sake of argument, let's suppose that
your car and mine will depreciate
the same each year, which according
to average depreciation figures
amounts to 35% the first year, 15%
the second year and 10% each year
following."
Smith—"What's that got to do
with it?"
Jones—"Just a little late to tell
you Smith. You've already bought.
But here goes: You paid \$1050 for
your car. I paid \$450 for mine, a
difference of \$600. That \$600 in-
vested in a more profitable propo-
sition that you have already chosen
would have brought you 6 to 8%
interest or \$36.00 to \$48.00 for
twelve months."
Smith—"Your car will depreciate
35% of the original cost the first
year, or \$367.50. Granting, for the
sake of argument that mine will de-
preciate in the same ratio here is an-
other difference of \$210 in my
favor."
Smith—"That's right."
Jones—"That's a total of approxi-
mately \$250. Now you'll drive your
car at least as much as I do mine
and I figure I'll drive mine 5,000
miles the first year."
Smith—"Yes."
Jones—"Well then, divide that
\$250 by 5,000 miles and you will see
that it's going to cost you 5-1/4 cents
more per mile to drive your \$1050
car than it does to operate my \$450
Ford, and I'll go any place you will.
Yes, and I will have much more com-
fort driving my Ford car through
the city traffic than you will driving
your big car, not to mention the easy
time I will take parking my car com-
pared to parking yours."
Smith—"I never thought of all
those things, Jones."
Jones—"I did. And further-
more it's useless to mention the ad-
ditional necessary expenses to oper-
ate the cars. Your insurance will
be about the same as mine. We'll
say you will not spend any more for
gas and oil than I will, and give you
an even break on tires, though it
will cost you considerable more to
replace those 32x4 cord tires than
it will for me to replace my 30x3 1/2
fabrics. And remember, Smith, the
repairs are the most important ex-
pense of up-keep. You'll be paying
\$50 for a radiator when I'm only
paying \$17.50; or \$9.50 for a front
fender while I will only pay \$4.00.
Smith—"Say, Jones, where were
you yesterday, ten minutes before I
bought this car?"
Jones—"Round at CARTER &
BADER'S buying this Ford."

FRITZ WEBER A BENEDICT.

Fritz W. Weber, of the staff of
the Sabinal State bank, surprised
even his most intimate friends and
co-workers New Year's day when he
unobtrusively met the girl of his
choice at Uvalde in the afternoon and
was united in marriage. The young
woman is Miss Claude Payne, well
known in this section as the daughter
of Mrs. Frank Payne, of Leakey
Miss Claude was reared in this sec-
tion and has numbered a friend by
all who know her. The romance of
the young couple evidently began
while Mr. Weber was employed with
a bank at Leakey. The young man
was reared in the Utopia section, hav-
ing come to Sabinal several months
ago from Leakey to take a place with
the clerical staff of the First State
Bank where he has made a host of
friends. The young couple appear-
ed as if they desired to keep the
marriage a secret upon returning
to Sabinal New Year's day, and they
at least succeeded in preventing the
Sentinel from getting a report of
it in time for last week's publica-
tion. The many friends of the
young couple wish them every hap-
piness in the new relationship which
they have formed.

TO PRESERVE BIRD LIFE.

Public-spirited citizens of five
Southwestern states, workers in a
campaign just closed by Holland's
Magazine, have established a total of
2,948,841 acres in bird and game
refuges, in which absolute protection
is pledged beneficial wild life for a
period of five years. The campaign
itself is the most successful ever
conducted by any agency within a
year's time. By states, the total in
sanctuaries, which are being placard-
ed with handsome metal signs, are as
follows: Texas, 2,800,403 acres;
Arkansas, 28,268; Oklahoma, 18,173;
Louisiana, 5,927; and New Mexico, 3-
440. The sanctuaries range in size
from 10 acres to 250,000. They
include many ranches and farms
which contain turkeys, prairie chick-
ens, deer, and other game birds and
animals, and constitute the first step
toward the creation of permanent
state refuges in which birds and an-
imals will be permitted to multiply
under natural conditions.

The Texas sanctuaries include
some of the finest breeding grounds
in America. Eight of them range
from 100,000 to 250,000 acres in
area, embracing portions of the fa-
mous King ranch, the Kenedy ranch,
the Lasater ranch, and other prop-
erties which are known throughout the
country. In addition to the larger
refuges, boys and girls have dedi-
cated 7,899 yards to birds, agreeing
to feed them in bitter winter weather
and to furnish them water in sum-
mer.

Even more remarkable than the
sanctuaries are the pledges in which
men, women, and children bind
themselves to observe the game laws
and to do everything in their power
to encourage birds and to keep
thoughtless persons from doing them
injury. Altogether, 119,421 individ-
ual pledges have been secured, large-
ly through schools, and the principal
awards in this phase of the work
have been made to juniors. Barton
Welfare Group, of the Mobile (Ala-
bama) High School turned in 13,171
pledges and a \$100 award was earned
by Tom Currie, a Dallas, Texas, boy
eleven years of age. Total cash
awards in the two campaigns were
\$750.00, and it is hoped that the
work so auspiciously started will be
carried on by interested citizens un-
til all of our finer birds and animals
are guaranteed perpetuation.

No Worms in a Healthy Child

All children troubled with Worms have an un-
healthy color, which indicates poor blood, and as a
rule, there is more or less stomach disturbance.
GROVE'S TASTELESS CHILL TONIC given regu-
larly for two or three weeks will enrich the blood,
improve the digestion, and act as a general strength-
ening tonic to the whole system. Nature will then
throw off or dispel the worms, and the Child will be
in perfect health. Pleasant to take. 75c per bottle

Tschirhart Sunday afternoon, January 18, 1925. He died at the Santa Rosa Hospital, where he had been taken for medical treatment, and where he underwent an operation, but all that medical aid, and loving hands could administer was all of no avail. His corpse was brought home Monday and was laid to rest at St. Louis Cemetery after a Requiem Mass, on Tuesday morning. Rev. Father Heckman performed the last sad rites. Deceased was born at Castroville, January 17, 1853, consequently was seventy-two years and one day of age, at the time of his demise. He was happily married to Miss Katharine Schneider on April 14, 1875. This union was blessed with nine children, three sons namely, Joe L., Nic L., and August L., and Mesdames Rosa Biediger, Aug. J. Mangold, Mollie Haass, Mattie Hans, Gus. Keller and Adolph Ahr. Besides his grief-stricken widow, and fatherless children, he is survived by thirty-seven grand, and seven great-grand children, five brothers and one sister, and a very large number of other near and dear relatives to mourn his loss.

A good man has gone to his last reward, as a devoted Christian, a dutiful husband, a loving father, a kind and accommodating neighbor and a law-abiding citizen. A large concourse of mourning relatives and friends escorted the mortal remains to their last resting place. We join this entire community in sympathy with the bereaved and grief-stricken ones.

May he rest in peace.

FROM MUNDAY.

Munday, Texas, 1-15-25.
To the Editor of Hondo Anvil Herald, Hondo, Texas.

Dear Sir:
I send you a sample of wool cotton, as a compliment and greeting. The wool cotton grows high, the stalks have fine leaves and it blooms beautifully with a deep red and a yellow ring in it, the bolls are long with three locks of wool cotton in them.

How are you and all in Hondo, I hope well and wish all a happy prosperous year.

We certainly are having a very cold winter up here, Christmas was so cold with six degrees below zero. Also we have dry weather too up here. Please send us a rain. Also please send me a copy of the Hondo Anvil Herald and later I will subscribe for it.

Knox County made a good crop in cotton. They are still picking bolls, and the Gin gins it just as clean as the other cotton and they get the same prize for it.

Munday is a good business place. It has a weekly paper and three cotton gins, two flour Mills and two elevators, one cotton mill, and many stores, two banks, several churches, a City Hall, several Hotels and picture shows. It is on the Wichita Valley rail road that goes to Abilene. Also one can meet the Katy at Stamford (the Hettie Green road,) and from Munday to Wichita Falls and there one can meet the Denver and Fort Worth, also the Katy. The rates from Munday to San Antonio are \$16.96 without the Pullman.

Good roads are here too. There was lots of car trouble in this cold weather. Some bought wood alcohol and some mixed honey and water for their engines that did not freeze.

So I will close with my best wishes to you and family, also to all my good Hondo friends.

Respectfully,
MRS. MARGARETHA HERRING,
Munday, Texas.

I forgot to tell that Munday has a large school, seventeen teachers and six hundred pupils in it.

The cotton arrived all right and is an interesting specimen. Any one wishing to see it can do so by calling in at this office. The variety is new to us.—Editor.

WHAT FAMOUS FOLK SAY ABOUT "THE HUNCHBACK OF NOTRE DAME."

"It's a wonderful production, a wonderful picture and wonderfully executed. I was enraptured with it. The public cannot fail to be delighted with it." Rev. George L. Mac Clelland, First Presbyterian Church, Jamestown, N. Y.

Our Catholic people will find it a most instructive and compelling drama. Permit me to extend my congratulations to the originators of "The Hunchback." Mgr. John Rogus, representing his Grace, the Archbishop of San Francisco.

"An artistic and dramatic motion picture continuously interesting. Well worth seeing." William Lyon Phelps, Professor of English Literature, Yale University.

"The Hunchback of Notre Dame, as here presented, makes this wonderful story still more wonderful. A marvel of Historic Romantic, and Graphic interest." Rev. W. W. Knox, New Brunswick, New Jersey.

"The Action is truly dramatic and consistent; the whole effect is imposing and elevating." William B. Owen, Principal Chicago Normal College.

The above are comments of people who know pictures; take their word and see this masterpiece. The most expensive picture ever played in Hondo. SHERIFF MATTHEWS OUT OF HOSPITAL.

Sheriff H. H. Matthews, who was wounded in the battle with robbers at D'Hanis, is out of the hospital but will have to remain in San Antonio for at least two weeks yet and report daily to the physician for treatment of his hand. He lost two fingers and the lower portion of his right hand from the wound inflicted by a shot gun. His wrist and other portions of his hand were badly torn up and a number of the shot are still embedded in the bones and flesh as revealed by the X-Ray. Just how much use he will be able to retain in his wrist and fingers is not known until after his injuries heal.

A number of his friends were contributing to a fund this week to help him bear the heavy expense that he has thus sustained while in discharge of his duties. Former Sheriff Johnson was soliciting funds and was meeting with good response.—Uvalde Leader-News.

We feel greatly indebted to Rev. G. E. Grueber of Hondo for services conducted and kind words spoken. Also to those for beautiful floral offerings. We assure each and every one that their kindness will be held in grateful remembrance by

From The Devine News.

PIONEER CITIZEN PASSED AWAY THIS WEEK.

Mr. Robert Frank Galbreath, 72, died at his home on Teel in Devine, Thursday, January 15th, 1925, after a short illness with pneumonia. He had lived in the Devine section for more than fifty years; a brother Isaac Galbreath was among the first persons to be buried in the Evergreen Cemetery, and his tombstone says he was killed by Indians. His father, Thomas Galbreath, was among the first settlers here, when Frank was but a lad. The funeral was conducted from the late home, Friday, 1 p. m. by his pastor, Rev. J. A. Boatman, of the Devine M. E. Church, who read the following short sketch before making his talk.

Robert F. Galbreath, was born in Bastrop Co., Texas, March 10th, 1852. Was 72 years, 10 months and 5 days old. He was married August 22nd, 1897, to Miss Ruby Hale, and to this union was born two children, Tom W. Galbreath, who is now in Panama, in the U. S. service. Frank I. Galbreath, of Devine. Bro. Galbreath was converted and joined the M. E. Church, June 28th, 1923. An early pioneer settler of this country; clean of life, loving and thoughtful of his family; just and considerate of his fellow men, he leaves a host of friends to mourn his departure.
